Manuel Eusebio Rodriguez  
Calle Los Calculistas 169, Santa Felicia  
Lima 12  
PERU

Dear Mr. Rodriguez:

On behalf of the World Council, I want to communicate our support of the work that you are doing in the field of Gifted and Talented Education in Peru. Long-standing commitment, such as yours, to advocacy for gifted and talented children is what undergirds our organization, allowing us to make a difference in the world.

It was a pleasure to meet with you, personally, at our recent WCGTC Biennial World Conference in Vancouver, British Columbia, Canada, in August. The wealth of information disseminated through the research and pragmatic instructional approaches and material of nearly 400 presenters, including leading global experts in the field, made this an unparalleled conference of its kind and, certainly, one that provided ample, practical knowledge of the kind that you were able to take home to share with your colleagues and teachers.

Additionally, I want express my sincere appreciation for your work as a delegate in the World Council for Gifted and Talented Children. As an active member and official delegate for Peru, you play a vital role, not only in assisting our organization to achieve its advocacy mandate worldwide, but also in helping the gifted and talented children of Peru to benefit through the continuing advances in gifted education, realized through networking with us.

We value your work and your membership with us and are happy to offer support as you work to improve the condition of gifted education in Peru. We wish you continued success in all of your undertakings.

Sincerely,

Cathrine Froese Klassen  
Executive Administrator, WCGTC  
WCGTC Biennial Conference Chairperson
